

Information about
Certificates of language proficiency, necessary for enrollment at
- **Computer Science – Bachelor program**
- **Cyber Security and Machine Learning –Master program**

- **Candidates for any of these two programs, who prove, with educational documents, that they have previously followed pre-university, bachelor or master programs taught in English are exempt from taking the language proficiency test.**
- **Candidates for Computer Science – Bachelor program, who prove the Certification obtained in the Romanian Baccalaureate Exam**, by passing the English language proficiency test, minimum level B1, are exempted from obtaining another English language proficiency certificate and will upload the scanned copy of the Baccalaureate Diploma-verso to the platform.
- **Graduates of the Computer Science - Ovidius bachelor's program (in English)** are exempt from taking the language proficiency test for enrollment in the Cyber Security and Machine Learning master's program.
- **Candidates who do not fall into the above categories** must submit in their platform file the **Certificate of English language proficiency, minimum level B1**, either the one issued following a test organized by the Faculty of Letters within the Ovidius University or one of the certificates of language proficiency - minimum level B1, mentioned in Annex 1 of the Ovidius Admission Regulations; Foreign language proficiency certificates, minimum level B1, issued by entities other than the Ovidius University, mentioned in Annex 1 of the Ovidius Admission Regulations, will be verified and validated by the UOC Faculty of Letters; Details about the validation process and fees can be found here
